Defendants.

I. 1. Plaintiff does not have a home address nor identity due to the GREYMAIL OF 19 OCTOBER 2005.

2. Defendants reside in different countries & jurisdictions.

II. The jurisdiction of the Court is invoked pursuant to GREYMAIL created on 19 October 2005 by both Federal, State, and International courts ruling in bad faith by violating my constitutional human rights as well as Constitutional rights and by violating my due process in order to allow serious securities breaches. I was never a resident of neither Queens nor Brooklyn nor any of the other boroughs in the past 18 yrs. My identity has been stolen by the Board of Elections together with Kings County Brooklyn, Queens, NY, et al in order to illegally entrap me & my family. I signed the voter claim because I do not allow for no municipality no corporation no government no associations et al to claim what rightfully belongs to my mother.

We contest. I have the authority to speak for my mother, father, and sister by stating that no Muslim, no Jew, no Christian, no Catholic, no Mormon, no Witch, no Aethist, no Unions, no associations and no Government had the authority nor the right to violate our human rights. What a wicked crime has been done against us in order for the US Government, Clinton Foundation et al to get away with committing crimes against humanity and by using our identities as scapegoats so that Clinton Foundation et al can give protection to bloody murderers.

III.

I came to the US as a little girl. I am no longer a little girl. I was never deemed to be incompetent. When I was out of the US country and when I was living and residing and working in Her Royal Majesty's Queen Airport, I got set up by each and every named defendant's as well as by my own former employer United Continental Airlines together with their employees, unions, trades associations, unions, Governors, municipalities, synagogues, churches, mosques, communities et al. I have been seriously deprived of my human rights from being the target of a serious false accusation of terrorism. I never committed no such act. Neither my mother, nor my father nor my sister never committed any acts against humanity nor against any Government, military, association. My mother CRYSTAL BROWN is not incompetent. She never was. My mother has had her home, valuables, insurance claims, rights to life, liberty, freedom and happiness stolen from her by each and every named defendant's et al who so far has used me in order to rob my mother. This I leave in the Almighty's hand to bring His punishment for crimes against an innocent woman and her two children. Neither my sister nor I allowed no union no lawyer no President no synagogue no rapist by the name of Steven Friedfertig and his association Jeff Soffer et al to use us to do what was planned, carried out, and conspired against our rights and against our will.

On October 13 & 14, 2009 when I was suppose to appear before the US Tax Court, I was shot at, I had my papers illegally stolen from me and I had been a target for James Hubbard, Lisa Hubbard, Dee Dee Hubbard, AFL-CIO et al. I was threatened with my life, my mother's life, my sister's life, my father's life.

Terrorists threats were made and committed against us. We contest. When I left England to come to the US (when I did not know about the illegal criminal actions that both UK & US have conspired against me and my family), I came to see Dr Ira Feingold. Everything that I owned in worldly possessions were illegally controlled by BAA. Not only did BAA illegally withhold my possessions, but as well <sup>that what belongs to</sup> my mother. I never consented nor authorized neither BAA nor UK Her Royal Majesty's Customs to illegally seize what rightfully belongs to my mother due to each and every single named defendants stealing from my mother by using my identity. I contest.

I have left England with no bra, no pants, no sock, no tooth brush, no perfume, no shoes, no clothes, no unpaid taxes, no fines, no bank account, no credit card, no certificates, no job, no health insurance, <sup>with false</sup> mental condition, no home, and without protections. I was never told what I have recently just discovered how easy it was for all defendants to lie falsify switch and steal by illegally claiming me mental.

I do not sue my mother, Crystal Eaton, but rather the criminals behind illegally making my mother incompetent when she was put to the test of psychiatric evaluation and deemed by a competent psychiatrist to be quiet intelligent and capable of handling her own affairs. I have had illegal sanctions and penalties, <sup>placed on me</sup> ~~take~~ freedom, ~~loss of~~ credit, ~~loss of~~ work, ~~loss of~~ health care, ~~loss of~~ insurance, ~~loss of~~ capital gains, ~~loss of~~ pension, ~~loss of~~ stocks, ~~loss of~~ travel, ~~loss of~~ identity, due process, freedom of information, human rights, as well on my mother, sister, and father. I contest. We contest.

IV. I demand at once that this illegal greymail be brought before a court where each and every named defendant could be tried and punished in a British Court of Law. I never was kept in US voluntarily but rather due to the US Attorney General, United Continental Holdings, Carla Kathleen Alexander, Robert DeNeiro, Elizabeth Harris, Mark Alexander Chapman, Kenyan & Kenyan, Frank Livotti, Lindsay, Gulotta, Merian Marlowe, DEA agents (Marla Gordian et al), Prokauer Rose, Eastbank, Joseph Lo, Steven Eckerberg, Staples, HSBC BRITAIN, Janet Chang, HSBC America, Bank of America et al illegally stealing my identity in order to violate my due process & human rights as well as stealing my mother's id, my sister's id, my father's id, and their due process & human rights illegally and unconstitutionally is being challenged and contested. Never did I commit a crime and never did my mother, sister, and father. We have all been illegally set up by each and every named defendants et al.

Bring the false charges and the greymail to a BRITISH COURT where I reserve my rights to hold each and every named defendant accountable along with religious associations who never had my consent nor acknowledgment of stealing my id in order to illegally prosecute me. There are no moot decisions due to the conspiracies and illegal sabotage & obstruction of justice done here, in England, Jerusalem, worldwide. I contest. Neither me nor my family are guilty of any wrongdoing. I demand from each and every named defendant to pay me back & my mother can be compensated from having to spend from her savings to see that I was not left for dead as each and every named defendant have done exactly that to my mother, sister, and father by violating our rights.

I demand at once US Attorney General et al to be held criminally responsible for crimes against humanity for every single day that my mother, sister, and father & I had to go

turn this unnecessary set of cruel circumstances. As well to release illegal  
seizure of property, penalties, sanctions, and due process violations.  
I do not have a bank account and I do not have one dollar to my name. It is  
impossible to pay for anything. Remove all false warrants on my family & fake
